***Locations are subject to change**

The Leadership Nottoway is a program presented by the Blackstone and Crewe-Burkeville Chambers of Commerce. The curriculum consists of evening sessions, group discussions, and field trips that address different issues in Nottoway County. The sessions create a forum to exchange ideas and discuss areas of interest. Each participant will be involved in a small group project, outside the program schedule, to develop a “great idea” for the community.

Leadership Nottoway offers individuals the opportunity to become involved and to make a difference in their community.
